NO INSTRUMENT IS USED MORE THAN THE HUMAN HAND.

From what we know today, our hands come into contact with millions of bacteria everyday, but did you know that touching transmits 80% of infections? Alcohol based hand sanitisers help reduce the risk of infection and prevent the spread of disease. Precise Defend Hand Sanitiser provides antibacterial hand cleansing without the need for water. ¹

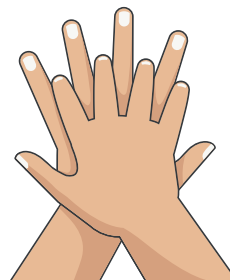

Note: If hands are visibly soiled wash with soap and water before using the product

Dispense adequate amount of hand sanitiser to fully cover your hands.

Rub hand sanitiser to cover the entire surface area of the hands.

Pay special attention to the area between fingers and around nails.

Rub hands until dry.
DO NOT RINSE.
